Ind. & Corp. Software Solution Company History

After 12 years of service our CEO purchased 49% of share of a Desktop Based HR PAYROLL Software company in March 2017. He holded the position of Managing Director on that company and started to develop a web based brand new product. In 2018 the partnership fall apart with mutual understanding. In 2018 he started his own company named **MAXECHO**.

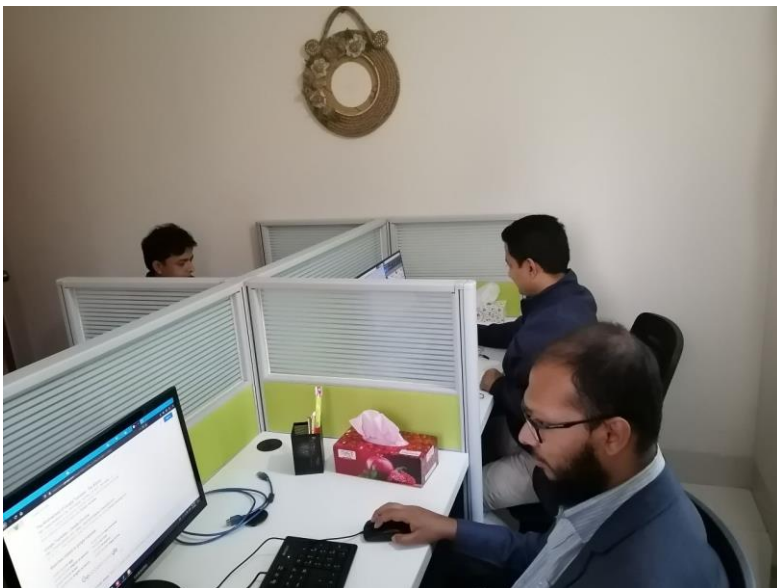

From the very beginning the concept was to make things easier for end user. The name MAXECHO stands for "Maximum Echo". So, while using this software user will able to work with minimum effort and able to achieve maximum result.

Our key features in **MAXECHO**HRM are listed below:

- User can process attendance data in less than one minute.
- Approval options for multi-level users
- Used web-based technology
- Easy to use
- Access from anywhere in the world
- 100% Ready for compliance
- Automated software to communicate with attendance devices.
- SMS & EMAIL notifications

In the latest updates we have added some features. Automated increment calculations, appraisal and performance evaluation.

Also, we are ready to launch an Android APP for our HRM services. This app will allow user to provide remote attendance by his/her android mobile. Also, user will able to check their attendance, leave and salary from the app. Another big feature is leave apply. We believe that automated and user-friendly features will make our users satisfied.

Also, our development team is working on some new projects. Accounting management, inventory management and ERP are in the pipeline.

We are now the best HR PAYROLL Software Company in Bangladesh, employing best staffs with the diversity and depth of skill to meet any computer technology requirement, from home and small office workstations through to wide area networks and Internet development.

House No. 531/1 (4th Floor), Road No. 11, Baridhara DOHS, Dhaka-1212, Bangladesh.
